WELCOME TO AFRICOTTA

AFRICOTTA
AFRICAN INSPIRED HANDMADE TILES

Established in 1986, Africotta is a celebration of timeless craftsmanship and authentic African design. Every tile in our range is carefully handcrafted using cement, earth pigments, and a whole lot of passion. The result? Unique, durable, and beautiful tiles that transform ordinary spaces into warm, lived-in sanctuaries.

Inspired by the textures and tones of Africa's rich landscape, our tiles are ideal for those who love character, natural elegance, and artistic flair in their interiors and exteriors.

From rustic verandas to contemporary kitchens, Africotta tiles are designed to grow more beautiful with time—just like the homes they help create.

LET US BRING YOUR VISION TO LIFE!

Order your Africotta sample box today and experience the texture, colour, and handcrafted quality up close.

Each tile is unique — and seeing it in person makes all the difference. Send us a message to order yours and start bringing your vision to life.
